

Introduction

Einstein's formula:

$$E = mc^2 \quad (1)$$

Planck's formula:

$$E = h\nu \quad (2)$$

Abbreviations used

Text with abbreviations: IR, LD, RPM.

List of Abbreviations

IR	infrared radiation
LD	laser distance meter
RPM	revolutions per minute

List of Symbols

ν	frequency
c	speed of light in vacuum
E	energy
h	Planck's constant
m	mass
